Dear Sir:-

Last week Mr. Palzer had Mr. Morgan interview Mr. Theo. B. Ryerson of 258 Handy Street, New Brunswick, N. J. and his report has already been forwarded to you. Morgan suggested that as Mr. Edwin Carpender was well acquainted with Ryerson it might be well for he and I to have a talk with him.

On Sunday last we visited Ryerson. He had a lot of hearsay stories and theories. We listened to his tales and finally I asked him for the names of some people with whom he had talked and who might be able to give us first hand information. He then told me that the following men were the ones he had talked to about shots being fired around DeRussey's Lane &c., namely:

John Kemp, Janitor of a Public School in the Sixth Ward.

Herbert Flemming, whose address he did not know, but said Kemp could furnish it.

Gerry, first name unknown but said to live in a shack opposite Dr. Carman's and in the vicinity of DeRussey's Lane.

Bob Cuddy, 281 Hamilton Avenue.

Bob Adrian, said to live out Hamilton Avenue near De Russey's Lane.

I have already talked with Mr. Palzer about these men and he instructed me to have Purdy follow them up. He is doing so and you will receive his reports. However, I am furnishing this information for the purpose of your records.

Respectfully yours,

David Thompson.
